

Barry Mendel has created and built a prestigious and successful business since establishing BMF in March 1981.

Building trusted wealth advice for 40 years

On the 1st of March 1981, Barry Mendel founded a Financial Services business starting in a small, windowless office in Sydney's MLC Centre, a location widely recognised as being at the epicentre of Sydney's financial district.

His choice of location was certainly ambitious and has proven prescient, as now 40 years later from this same iconic building, the BMF business, like his office, has grown exponentially to become one of Sydney and Australia's most respected and successful Financial Services firms with International recognition and accreditation.

“My greatest satisfaction is seeing our clients build a secure financial future by implementing global and diverse investment strategies”

Barry Mendel

Over the four decades, Barry and the BMF Wealth team have achieved their success through a unique mix of financial acumen, sheer hard work, grit, determination and

the ability to think outside the square with a true belief and confidence in their advice and aligned recommendations.

Today, as one of Australia's premier Global Wealth Management firms, Barry is still hands-on as Executive Chairman, with Jill Nes as CEO.

Supported by Directors Justin Gaywood and Brad Mendel, they form an exceptional team with their global wealth management experience and expertise.

Integrity, professionalism and the highest levels of service

are the foundations on which BMF Wealth is built, covering not only Investment advice but Family Office and Estate Planning services to High Net Wealth Families, the next Generations, Executives and Entrepreneurs.

In-depth global research with the capability to continually discover great opportunities is what differentiates BMF Wealth as well as the fact that they invest in every investment that is recommended to their Clients.

BMF Wealth manages and administers substantial global Funds Under Management.

Creating, Growing and Protecting Client Wealth

As trusted financial advisors to High Net Wealth families and individuals for **40 years**, BMF Wealth can help you create solutions for your Wealth Creation, Estate Planning and Future Financial Security.

BMF Wealth Directors invest alongside their High Net Wealth Clients providing Global investment advice through access to 'best-of-breed' investments across Australia and internationally.

Our Directors constantly have their 'feet on the ground', travelling the globe, building strong and trusted Local and International relationships and seeking new investment opportunities.
